Mr. John McQuaid  
Chair Electoral Boundaries Commission  
P. O. Box 774  
Charlottetown, P. E. I.

23 August 2004  
Fax: 902-368-6500

Mr. Chairman:

With regard to your interim report I think it is "Bang On."

Please pass my sentiments on to the members of your committee and feel free to cite this communication publicly in any way you see fit.

I applaud your courage in "Boldly" applying the principal of fairness across our province. And I am sure that there will be those who will try to promote their political self-interests.

As someone who studied your report in great detail please accept my gratitude for a job well done. I consider this to be an historic change in direction that is long overdue.

Unfortunately I will be unavailable to attend your Sept. hearings as I plan to be out of Province.

The only comment I will make with regards to any suggested change would be in the area of district names.

Wilmot in my view is quite appropriate for District #7.

Using the same rationale I would suggest that District #5 be referred to as St. Eleanors as there is a lot of history involved (former county seat).

Following along the same line of thinking, Green Shore, the original name of Summerside, would be more fitting in my view for District #6.

Perhaps the city of Summerside will provide some input in this area.

Thank you for your time and a job well done.

Respectfully,

Elmer H. Williams
