Mr. Chair:

I received my copy on the Proposed Provincial Electoral Boundaries Report. I reviewed the report and am very pleased with the results of your committee's good work, with one exception. I would like to see the proposed name Greenwood for District #5 changed to St. Eleanors in keeping with the riding of Wilmot. St. Eleanors has more history and in the early days St. Eleanors seemed to be the village that was going to prosper the most. In 1833 it was chosen to be the legal capital of the county. In the same year, Mr. George Tanton Junior was given the contract of the construction of a courthouse and jail.

I appreciate that your committee maintained the principle of representation by population as your guide and in doing so, as they should be, the interests of the voters, or the people were served.

Yours truly,

Helen MacDonald, MLA  
District 22  
St. Eleanors - Summerside
