

Cascumpec, P.E.I.

September 16, 2004

The Electoral Boundaries Committee of
Prince Edward Island

Dear Committee Members,

We the people who reside in Fortune Cove, Poll # One, District 23, Cascumpec-Grand River, very strongly request your Committee to zone this Poll with O'Leary District.

Mill River on our north, is and always has been, a natural boundary between this District and Alberton District and we want it to remain the natural boundary. O'Leary is also our Post Office, and has been for decades.

Mill River is also the natural boundary between O'Leary Rural Postal Service and Alberton Rural Postal Service.

The Cascumpec and Fortune Cove Women's Hospital Auxiliary in this area is the Group that works, and always has, to support the Community Hospital in O'Leary.

We strongly feel that if this Poll is in any way divided, that it will be the beginning of tearing our rural community apart.

We trust that you as a Committee, which has been appointed to carry out a very responsible duty, will consider our request with a compassionate and positive conclusion, which will be beneficial and meaningful to all.

Yours Truly,

Ivan Wallace

Ivan Wallace, 1st Vice President,
District 23, Cascumpec-Grand River
